

Millions of students are still offline outside of school.

Our donation program with Digital Wish provides 24/7 mobile connectivity and out-of-school access for students and teachers.

Choose the 4G donation program with the best mix of devices for your mission.

**4Gx1** Schools who want to try one of our devices can apply for a single device through the Digital Wish program. It's a great way to try our service and then decide if you would like additional devices.

**4Gx5 and 4Gx10** These donation programs provide schools with up to 5 or 10 4G devices for connecting computers or WiFi-enabled consumer electronics like smartphones to our 4G mobile Internet service.

**4Gx25** In certain disaster recovery states (Colorado, Connecticut, New Jersey, New York, Oklahoma, Rhode Island and Texas), we have expanded the donation program to offer a total of 26 free devices to help affected schools regain reliable Internet access during these difficult times.

### Affordable service

Internet service is not included with these donations, but is available for purchase at the current nonprofit pricing of \$120 for 12 months (\$10/month paid annually in advance).

---

## Benefits for Schools

- Support BYOD and 1:1 learning initiatives.
- Provide out-of-school access to students who do not have Internet access at home.
- Supplement an existing Internet service to meet the broadband demands of the Common Core State Standards Initiative.
- Create a low cost, back-up Internet source so your lessons aren't disrupted by slow speeds or lost Internet connections.
- Keep teachers, staff, and students connected during field trips, sporting events, and other off-campus activities.

# Products Suited for You

Educational organizations can choose any combination of devices below for their selected donation program.

## CLEAR Stick Atlas

A portable USB modem for connecting one computer, laptop, or tablet PC to our 4G mobile Internet service. Perfect for students or faculty who need to be logged in at school and at home.

## CLEAR Spot® Voyager

A portable, wireless hotspot for connecting up to eight Wi-Fi enabled devices to our 4G mobile Internet service. It's an ideal companion to stay connected during field trips, sporting events, and other off-campus activities.

## CLEAR Hub Express

It's a modem with an integrated Wi-Fi router all in one! Connect up to ten Wi-Fi enabled consumer devices simultaneously while saving money, space, and the hassle of extra cords. Perfect for setting up wireless access in the classroom, or creating a back-up Internet source so you never "go dark" again.

## Additional Devices Available at Standard Rates

Schools can also purchase additional 4G devices directly from Mobile Beacon when applying for Mobile Beacon's services online at [www.mobilebeacon.org](http://www.mobilebeacon.org). There is no limit on the number of devices that can be requested by qualified educational organizations.

*Note: WiMAX-enabled devices can connect to Mobile Beacon's 4G service without a 4G device, but a service agreement is still required.*

*CLEAR and the CLEAR logo are trademarks or registered trademarks of Clearwire Communications LLC.*

## One Year Prepaid Service Agreement Required

Public schools, 501(c)(3) nonprofit schools, and libraries that participate in this offer must agree to pay Mobile Beacon in advance for one year of 4G mobile broadband Internet service. The current nonprofit pricing for this service is \$120 for 12 months (\$10/month, paid annually in advance for each device). DigitalWish.org is not a party to this agreement. Refunds for the service must be requested directly from Mobile Beacon within 30 days of receiving it. See Mobile Beacon's terms of service.

## How to Apply

1. Go to [www.digitalwish.org](http://www.digitalwish.org) to become a member and register your organization for free.
2. Select "Shop" from the main menu, and then select "Mobile Broadband."
3. Choose the Mobile Beacon program that offers the number of devices you need and check out through Digital Wish.
4. After Digital Wish approves your donation request, they will email you instructions for how to order your chosen devices using Mobile Beacon's online application at [www.mobilebeacon.org](http://www.mobilebeacon.org).

## Verifying Coverage

Participants must confirm that the location where they will use the 4G service falls within Mobile Beacon's 4G coverage area before requesting this offer.

## Choose Carefully

There is a Digital Wish administrative fee to participate in these programs, which is not refundable and cannot be exchanged. Product specific details and associated fees are available at [www.digitalwish.org](http://www.digitalwish.org).

## Obtaining This Product

You will need to take further action to obtain these products after your donation request has been approved by Digital Wish. They will send instructions to your organization's email address.
