

# CLEAR Spot<sup>®</sup> Voyager 4G Mobile Hotspot Specification Sheet

CLEAR Spot  
Voyager

This portable 4G hotspot connects up to eight Wi-Fi-enabled devices to our 4G high-speed network.

Connect your new iPad™ and other favorite Wi-Fi-enabled devices (laptops, printers, smartphones, or other PC tablet) to our 4G mobile high-speed network, leaving 3G carriers behind.

Hop on the Internet virtually anywhere in our 4G coverage area: in coffee shops, at the airport, in hotels, and at home – not just places with free Wi-Fi.

You can surf, email, watch videos, and stay connected on up to eight devices, all at the same time. Plus, you can securely share your CLEAR Spot Voyager with your colleagues and other permitted users.
