4G Internet Access. 4 Nonprofits. 4 Less.

OUR SERVICE SUPPORTS YOUR MISSION

Mobile Beacon is a nonprofit dedicated to providing affordable, mobile, high-speed Internet access to other nonprofits so they can better carry out their missions. We offer:

- Lightning Fast 4G Internet Access
Plus enough bandwidth to truly support high-speed, mega-data consumption.
- Unbeatable Value
Unlimited data for just \$10 per month. No data caps, no overage charges, no worries.
- Choice of Devices
Mobile or fixed devices that meet your needs for anytime/anywhere access.

Save up to 80% annually!

Mobile Beacon gives nonprofits a powerful cost-savings advantage. Compare our \$10/month rate for *unlimited* data to commercial rates of \$50/month for limited data, and see the savings add up!

Annual Cost for Data Plans for 10 Mobile Hotspots

OUR PARTNERSHIPS BRING IT TO THE NEXT LEVEL

More and more, today's communities are striving to become digitally inclusive. From searching for a job to applying for government benefits to getting an education – the Internet has become central to achievement. Yet, 96% of Americans have access to only a few providers and one in ten have no access at all.

Mobile Beacon's i3 Internet Inclusion Initiative was born out of our mission to make broadband affordable, break down barriers to access, and bring equal educational and digital opportunity to all Americans. We're helping nonprofits across all sectors address their connectivity needs and also extend our affordable Internet service to those who need it most.

Become an i3 partner and extend these benefits to your staff and constituents:

- Help underserved Americans get at-home Internet access.
- Help at-risk students complete graduation requirements.
- Help the long-term unemployed apply for jobs online.
- Open doors with digital literacy training.
- Create an inexpensive backup Internet service for your office.
- Become a hotspot for free Internet access for your community.
- Sign up volunteers or accept donations anytime, anywhere.

OUR SERVICE SUPPORTS YOUR MISSION

Mobile Beacon is a nonprofit dedicated to providing affordable, mobile, high-speed Internet access to other nonprofits so they can better carry out their missions. We offer:

- **Lightning Fast 4G Internet Access**
Plus enough bandwidth to truly support high-speed, mega-data consumption.
- **Unbeatable Value**
Unlimited data for just \$10 per month. No data caps, no overage charges, no worries.
- **Choice of Devices**
Mobile or fixed devices that meet your needs for anytime/anywhere access.

Save up to 80% annually!

Mobile Beacon gives nonprofits a powerful cost-savings advantage. Compare our \$10/month rate for *unlimited* data to commercial rates of \$50/month for limited data, and see the savings add up!

OUR PARTNERSHIPS BRING IT TO THE NEXT LEVEL

Get **Donated Devices** for Your Nonprofit

Through our partnership with TechSoup, 501(c)(3) nonprofits, schools and libraries can receive multiple donated 4G devices to help stretch their budgets even further. Choose any combination of devices to best meet your needs.

Choose from:

-  **CLEAR Stick Atlas**
A portable USB modem for connecting one computer, laptop, or tablet PC.
-  **CLEAR Spot® Voyager**
A portable, wireless hotspot for connecting up to eight Wi-Fi-enabled computers or consumer electronics.
-  **CLEAR Hub Express**
A modem with an integrated Wi-Fi router gives you wireless 4G Internet access and secure local networking.

Try our service with just one device, or apply for up to ten. Nonprofits in certain disaster recovery states (Colorado, Connecticut, New Jersey, New York, Oklahoma, Rhode Island and Texas) can apply for up to 25 free devices to help their rebuilding efforts.

For more information on devices and how to apply, visit www.mobilebeacon.org/techsoup.

Extend **Access** to Your Constituents

Through our partnership with EveryoneOn, you can extend Mobile Beacon's low-cost service and choice of devices to your constituents, staff, and volunteers. Our service, along with EveryoneOn's information on available low-cost computers and free local digital literacy training, brings together the access, hardware, and training needed to put all Americans on the path to digital opportunity regardless of their age, race, gender, income or education level.

Nonprofits can participate in this program in two ways:

- You can enable your staff, volunteers, and board members to directly purchase Mobile Beacon's service and devices.
- You can extend the offer to your constituents to help connect underserved members of your community.

The best part? EveryoneOn takes care of the individual back-end billing so you can focus your resources on your mission, not paperwork. They'll also provide you with free monthly reports so you can track adoption and retention over time.

To get started, register for free as a nonprofit partner by completing EveryoneOn's online application, then prequalify your membership. For details, visit www.mobilebeacon.org/everyoneon/nonprofits.
