

## SIM Connect Specification Sheet

---

### **Connect Your Device. Power Your Mission.**

Connect your existing devices to Mobile Beacon's affordable unlimited 5G service with our SIM Connect solution.

### **Already Have the Device? Just Add Connectivity.**

If you already own a compatible device, there's no need to replace it to gain access to our service. Now you can save on hardware costs as well as service and still get reliable, fast, unlimited 5G data to power your users and your work. It's as simple as swapping out the SIM card in your existing device and you're ready to connect.

### **What's Included**

- Mobile Beacon Nano-SIM
- Access to T-Mobile 5G national network
- \$10/month Unlimited Nonprofit Data Plan\*

### **Device Compatibility & Validation**

Prior to purchase, all customer-provided devices must be validated for compatibility with the T-Mobile network. Organizations are required to submit the device IMEI or model information for review to ensure network support and SIM compatibility before activation. Devices must be unlocked and support appropriate LTE/5G frequency bands.

\* For more information on Mobile Beacon's data plans, visit <https://www.mobilebeacon.org/mobile-broadband-consumer-disclosure/>. Subject to availability. Eligibility restrictions and other restrictions may apply. Due to the significantly reduced service rates, Mobile Beacon's service plans must be paid annually in advance. All service plans are subject to Mobile Beacon's Terms and Conditions located at [www.mobilebeacon.org/legal/legal-info/](http://www.mobilebeacon.org/legal/legal-info/).
