

JEXTREAM® CG890

5G CPE WIRELESS ROUTER

SPECIFICATION SHEET

Experience a new horizon for business internet connectivity with the JEXTream® CG890 5G CPE Wireless Router. This router offers fast 5G speeds, connectivity for 32 devices, and reliability where it matters most. Enjoy consistent connectivity anywhere for work, on campus, when streaming, and for other online activities.

| Data Plan* | Device Cost | Service Fee** |
|--|-------------|---------------------------------------|
| Business Unlimited, Business 300, Mobile Unlimited | \$246.99 | Varies based on selected service plan |

* T-Mobile is providing Mobile Beacon's users with 5G data plans (with backup nationwide 4G LTE access as well) subject to T-Mobile's network management policy for the unlimited data plan. T-Mobile's "Quality of Service" Practices (QoS): Business Unlimited access subject to address eligibility. Business 300 customers subject to fair access policy speeds following consumption of 300 GB in a billing period. Mobile Unlimited customers who use more than 100 GB of data during a monthly billing cycle will be deprioritized during times and places when the T-Mobile network is constrained. See Mobile Beacon's FAQs and T-Mobile's terms and conditions for further details. Subject to availability. Eligibility restrictions and other restrictions may apply. All service plans are subject to Mobile Beacon's Terms and Conditions located at www.mobilebeacon.org/legal/legal-info/.

** Due to the significantly reduced service rates, Mobile Beacon's service plans must be paid annually in advance.
