

**Bring Your Own Device.
Just Add 5G Connectivity.**

Your mission deserves a connection that keeps up.

Mobile Beacon's BeaconSIM™ service gives nonprofits, schools, and libraries a smarter way to scale – extending reliable, affordable 5G to more devices and more locations, without the cost or hassle of replacing existing hardware.

Swap in a SIM card or load an eSIM profile on your compatible hotspots, tablets, laptops, or routers, and you're connected to Mobile Beacon's unlimited, nationwide 5G service. Simple, flexible, and built around the way you already work.

Why BeaconSIM?

BeaconSIM gives your organization reliable, fast, unlimited 5G data without the cost of new equipment.

- **Use what you already own** – Put existing hotspots, tablets, laptops, and routers back to work instead of replacing them*
- **Reduce capital expenses** – Cut hardware costs while still getting mobile and business-class wireless service
- **Add flexibility** – Scale connectivity across your organization on your terms
- **Reliable 5G performance** – The same trusted Mobile Beacon service, now available for your own devices

* Mobile Beacon does not guarantee BeaconSIM compatibility with all customer-provided devices. Confirm compatibility before purchase.

How It Works

It couldn't be simpler:

Swap out the SIM card

in your compatible device,
and you're ready to connect.

OR

Contact Mobile Beacon,

and we'll work with you to load the
Mobile Beacon Mobile Unlimited
service profile on your eSIM.

BeaconEDGE™ wireless business service is not available via eSIM

Bring the Mobile Beacon Plans You Need to Your Devices

BeaconSIM supports Mobile Beacon's high-speed, affordable internet data plans. Get the SIMs you need for the services that meet your unique needs:

PLAN	COST	USES	SIM/eSIM	SUPPORTED DEVICES
Mobile Unlimited – Hotspot	\$10/mo	Mobile	SIM & eSIM	Mobile Hotspots & Routers ¹
Mobile Unlimited – Tablet	\$10/mo	Mobile	SIM & eSIM	Tablets
Mobile Unlimited – Laptop	\$10/mo	Mobile	SIM & eSIM	Laptops
BeaconEDGE Business Unlimited ²	\$25/mo	Fixed	SIM Only	Routers & Modems
BeaconEDGE Business 300	\$15/mo	Fixed	SIM Only	Routers & Modems

¹ Routers used in mobile applications, e.g., providing Wi-Fi on school buses, should use the Mobile Unlimited service, not the Business service options
² Requires address eligibility check

Activation as Affordable as the Data Service

Mobile Beacon charges a nominal one-time activation fee for each device you bring to the network. You'll also be responsible for paying for your selected Mobile Beacon internet plan. The activation fee is non-refundable.

# OF SIMS	ONE-TIME ACTIVATION FEE	# OF SIMS	ONE-TIME ACTIVATION FEE
1–10	\$15 per SIM	251–500	\$750 flat fee
11–50	\$10 per SIM	501–600	\$1,000 flat fee
51–250	\$5 per SIM	601+	\$1,000 flat fee + minimum service commitment

MOBILE BEACON – A Nonprofit Delivering Connectivity To Nonprofits

Mobile Beacon is a Rhode Island-based nonprofit that provides affordable, reliable, high-speed internet access to schools, libraries, nonprofits, and healthcare organizations nationwide. Our service, programs, and grants enable nonprofit organizations to expand digital access and inclusion while fostering stronger, more connected communities. Mobile Beacon was founded by NACEPF, Inc., the largest Educational Broadband Service (EBS) provider in the United States.
